

# SALES & PRODUCTION TOOLS

Jump start the marketing of laser engraved products with Sales Tools from LaserBits.

Full color flyers are available and feature an imprint area for your company info. Detailed photos with professional printing make an impact!

Our Production Tools include a Template Library for faster setup of your engraving jobs. Each template is organized by the product number and opens in CorelDRAW.

Creating a website for your company? Check out the Product Photos CD with ready-to-use images.
